

2011 LUPINE RANGE

1/2" OPTIONS

3/4" OPTIONS

1" OPTIONS

Adjustable Collar -

Just right for puppies and smaller dogs, this collar has a slightly oversized side-release clasp for easier fastening and unfastening. Welded steel D-ring.

Roman-Style Harness -

A true non-restrictive harness, designed to eliminate pressure to the delicate throat area. Adjustable shoulder straps help to reduce strain on the neck and back.

H-style Harness -

A very secure harness most often used for cats, but which can be used on small dogs

as well.

An adjustable collar buckles around the neck and is joined to an adjustable girth.

Step In Harness

A popular style of non-restrictive harness with two adjustment points and a double-D-ring to attach the lead to.

Padded Handle Lead -

Features a padded handle and 2" trigger-style snap. Available in 4' and 6' lengths.

Combo Collar -

A dual-action collar for **walking or training** and the only design for greyhounds and similar dogs that back out of regular collars. Martingale-style with an additional sewn-in D-ring so it can be used either as a limited-slip choker or as a regular flat collar.

Adjustable Harness -

With adjustable shoulder straps and an extra long sternum strap. Welded steel D- and O-rings and a heavy duty side-release clasp on the adjustable girth
