what a treat!

Designing for comfort and style
for you and your pets

Here at Danish Design we’ve been working our paws off - designing and producing fabulous bedding for dogs and cats for more than 30 years, in the beautiful heart of Yorkshire. We work with downright brilliant fabrics that perform as good as they look. Only the very best will do to make our pets happy, (oh and not forgetting their owners too).

Our reputation reaches far and wide and as market leaders we always deliver super quality products throughout the UK and Europe. Everything we produce is designed by our Danish designer Susanne Mortensen. Susanne believes that life’s too short for second best and that simple pleasures are often the most rewarding - like sitting and reading, walking the dogs or jumping in puddles just for fun. Her range of pet products are exquisitely designed to provide style, comfort and functionality for any discerning pet and owner.

At Danish Design we consider how everything we do works for you in your home or even when you are on your travels. We really do care about every last detail and we’re especially dedicated to caring for our customers - excellence comes as standard.
