

VETERINARY DIAGNOSTIC EQUIPMENT

Opticlar VM3Pro headlight on professional headband

- Continuous run time of circa 10 hours, making it ideal for stable and field work
- A LED is guaranteed for 10 years and has an average working life of over 20,000 hours
- With an excellent homogenous illumination from the powerful 3w LED the Opticlar VM3Pro is ideal for surgery as well as routine examination
- With a recharge time of less than 2 hours and the ability to 'run flat' WM3Pro is a cost effective headlight
- Supplied in an attractive yet sturdy aluminium storage case
